## Workshop is back!

Workshop	Date	Time
<b>Xcelsius 2008 Visualizations in Crystal Reports 2008</b> <p>Xcelsius 2008 enables exporting Flash and Crystal Reports supports embedding Flash content into a report. By embedding these Xcelsius® visualizations into a Crystal report, report designers can have powerful data access and deliver highly interactive reports to their end users.</p>	27 September	9.30am—12.30pm
<b>Adobe Flash CS4 Overview</b> <p>Long held as the industry standard for vector based animations, Adobe Flash has been used to create popular TV animated series, movies, commercials, high-end web sites and even for mobile content. Now, experience firsthand why this exciting development platform is so popular. In this half day workshop you will learn Orchestrate graphics and effects to create eye-catching animations, Harness the power of sound and video to increase production value, and Write Actionscript (The scripting language of Adobe Flash) to interact with your audience.</p>	28 September	9.30am—12.30pm
<b>Personal Effectiveness in Time Management using Neuro-Linguistic Psychology</b> <p>Contrary to the public opinion, effective Time Management is not doing more things in a shorter period of time. It is about being an effective person and doing something right in a better way that leads to organizational effectiveness. In today's streamlined, fast-moving workplace, it's more important than ever to make the most of every day.</p> <p>This workshop incorporates tools and ideas used in Neuro-Linguistic Programming (NLP) that makes a real difference by enhancing and developing your personal effectiveness and time management skills to achieve significant results. By understanding how to use personal timelines and re-programming your thinking process you can achieve the things you want to at the workplace.</p>	29 September	9.30am—12.30pm
<b>Microsoft Office 2010 Overview</b> <p>Learn on how Microsoft Office 2010 provide the powerful tools that will enable you to express your ideas, solve problems and connect with people. Participants will have the opportunity to explore the new features of Microsoft Office 2010 that will bring ideas to life.</p>	30 September	9.30am—12.30pm

\* Free Workshop is valid for one participant per company.
