Course Outline :: 50544A ::

- Arranging Multiple Workbook Windows
- Adding Buttons to the Quick Access Toolbar
- Customizing the Ribbon
- Maximizing Usable Space in the Program Window

Lab: Maximizing Usable Space in the Program Window

• Change the zoom level; switch between workbooks; cascade workbooks in the program window; add a button to the Quick Access Toolbar; customize the ribbon

After completing this module, students will be able to:

- Modify how Excel displays worksheets.
- Zoom in on worksheet data.
- Hide, display, and reorder ribbon tabs.
- Create custom tabs to make commands more accessible.

Module 3: Work with Data and Excel Tables

This module explains how to use Excel tools to enter and manage worksheet data effectively.

Lessons

- Entering and Revising Data
- Moving Data Within a Workbook
- Finding and Replacing Data
- Correcting and Expanding Upon Worksheet Data
- Defining Excel Tables

Lab: Entering and Revising Data

Enter data by using multiple methods; control how Excel formats an extended data series

Lab: Moving Data Within a Workbook

Lab: Moving Data Within a Workbook

Lab: Finding and Replacing Data

· Find and replace data and formatting

Lab: Correcting and Expanding Upon Worksheet Data

• Check spelling; work with the dictionary, thesaurus, and translation tools

Lab: Defining Excel Tables

Create and modify an Excel table; add and configure a Total row

After completing this module, students will be able to:

- Enter and revise Excel data.
- Move data within a workbook.

19-2 The Boulevard, Mid Valley City, Lingkaran Syed Putra, 59200 Kuala Lumpur Tel: 03-2287 5009 / 6009 Fax: 03-2287 8009

Website: www.trainpro.com.my

Course Outline :: 50544A ::

- Find and replace existing data.
- Use proofing and reference tools to enhance data.
- Organize data by using Excel tables.

Module 4: Apply Visual Effects

This module explains how to change your data's appearance.

Lessons

- Formatting Cells
- Applying Workbook Themes and Excel Table Styles
- Add Images to a Worksheet

Lab: Formatting Cells

Format data and cells; change the default font

Lab: Applying Workbook Themes and Excel Table Styles

Use workbook themes and table styles

Lab: Add Images to a Worksheets

• Insert and modify images; set an image as a worksheet background

After completing this module, students will be able to:

- Change the appearance of data.
- Apply existing formats to data.
- Add images to worksheets.

Module 5: Print Workbook Content

This module explains how to configure worksheets to convey the greatest possible amount of information and then print all or part of the worksheet.

Lessons

- Adding Headers and Footers to Printed Pages
- Preparing Worksheets for Printing
- Printing Worksheets
- Printing Parts of Worksheets
- Printing Charts

Lab: Adding Headers and Footers to Printed Pages

Create custom headers and footers

Lab: Preparing Worksheets for Printing

• Set worksheet and workbook print options

19-2 The Boulevard, Mid Valley City, Lingkaran Syed Putra, 59200 Kuala Lumpur Tel: 03-2287 5009 / 6009 Fax: 03-2287 8009 Website: www.trainpro.com.my

Course Outline :: 50544A ::

Lab: Printing Worksheets

Print nonadjacent worksheets; suppress error printing

Lab: Printing Parts of Worksheets

• Control the content, size, and location of printed worksheet content

Lab: Printing Charts

Print a chart

After completing this module, students will be able to:

- Add headers and footers to worksheets.
- Prepare worksheets for printing.
- Print all or part of a worksheet.
- Print charts.
